

### **FAST FALCONS Assistant Coach / Masters Swimming Coordinator**

The candidate will lead FAST FALCONS groups on deck as a group coach and function as a program coordinator for our Masters swimming program in an administrative and technical planning role. This candidate will coach the Masters group, supervise part-time coaches and enact a season plan for the masters team. In addition, the candidate will implement FAST's dryland program, attend regular swim meets, and cover other training groups as the coaching staff needs. A strong background in competitive swimming and prior coaching experience is necessary. In addition to on-deck coaching duties, the applicant will have team-related administrative tasks in meet entries, team communication, and scheduling. This coach will also have opportunities to work camps and clinics implemented by FAST.

#### **Position Requirements**

- Strong communication, interpersonal and customer service skills
- 5 years' experience coaching competitive swimming required
- Afternoon/evening/morning practice schedules and weekend availability required
- Computer skills required to operate our Team Unify platform and Hytek swimming software.
- Masters coaching experience preferred
- A curious growth mindset and the desire to work collaboratively with the coaching staff.
- USA Swimming Coach certification required
- CPR, Coaches Safety, Athlete Protection, and background check required.
- Reliable transportation.
