

FAST Coaches, Athletes, Families, and Guardians:

We are excited to have you as a part of the FAST Falcons! TEAM is an important word both literally and figuratively. We have created this policy to achieve our goal of creating a GREAT team. Our team uniform is linked to our 'greatness' goal.

When looking at the sports world around us, teams such as the Gators, 'Noles, Jaguars, and others, perform in branded team gear. It is an indicator of a team culture that is unified and purposeful. We have a great sponsorship opportunity with TYR, a recognized performance leader of equipment in our sport. It is a small financial price at the outset from the purchase of the first suit but over time it will produce a cost savings to every team member.

All suits and apparel are available in our facility swim shop or the online TYR/FAST team store.

FAST FALCONS TEAM AND EQUIPMENT POLICY

1. All swimmers/athletes will wear an approved FAST team suit and cap while training and/or competing. All apparel will be available at our facility swim shop.
2. Our approved colors are black, red, or blue with white accents and the FAST or FALCON logo. When competing, FAST athletes may wear the TYR team suit or TYR tech suit with no restrictions on color so long as it is one of the previously approved colors.
